

## What is BrightG? A delicious approach to healthy cognition!

Backed by science, Funtrition's gummy experts developed a one-of-a-kind product for the supplement market that is powered by amazing ingredients supporting focus and cognition in a tasty tangerine gummy. Consumers believe emotional and mental health are as important as their physical health. Additionally, alternative formats, like gummies, are quickly becoming a preferred source for supplements.

With BrightG, you can help meet the growing consumer demand for cognitive-support formulas in a format they enjoy. A great formulation and the manufacturing expertise of Funtrition®, will be the perfect mix for you to deliver the most relevant, clinically backed, and enjoyable health solution to your consumers.

### You'll love BrightG for it's:

- Light texture & clean bite
- Delicious blend of citric flavors
- Chewing & portable ease
- Amazing benefits

### Benefits & key ingredients

#### CEREBOOST®

Developed with American Ginseng Extract that results in the perfect support for attention improvement and brain health. It has a positive proven impact on energy, relaxation & cognition.

#### OMEGA 3

Is an essential fatty acid that has numerous health benefits that include brain & heart health. In addition, it can improve attention and can fight inflammation.

#### CHOLINE

Is a nutrient that supports liver and brain health. Choline also supports cellular growth and metabolism. Although our bodies produce choline, the major source of choline comes from dietary sources.

NATURAL COLOR, FLAVOR & SWEETENING
